At Ashton John's Primary & Secondary School, we are dedicated to empowering our students with knowledge and nurturing their individual potential through exceptional education. As a coeducational institution, we strive to provide high-quality learning experiences that equip our students with the skills necessary to thrive as independent members of society. Our focus on fostering independence and academic excellence sets the foundation for a bright and successful future for every child who walks through our doors. Join us on this journey of growth, discovery, and achievement at Ashton John's Primary & Secondary School.

Student Development

Students' Pledge

We pledge to treat one another with dignity. I will speak and behave courteously, cooperate with my fellow students and teachers, develop positive and respectful relationships, think about the effect on relationships before acting, and value the interests, abilities, and culture of others.

We are

- Registered with the Department of Education.
- Cambridge International registered.
- We are a coeducational school, catering to students from Primary Grade R to Upper Secondary Grade 12.

Eco-friendly and Innovative

Our school provides an eco-friendly learning environment, offering students a calm learning atmosphere amidst the landscaped gardens and lush greenery of trees. The classrooms are modern and equipped with innovative equipment and furniture, designed to minimise distraction and maximise focus.

Our Classrooms

We offer smaller classrooms, enabling our educators to focus on the individual needs of each student and provide them with the opportunity to learn at their own pace. Students are provided with personal storage lockers, which are easily accessible and will keep their belongings safe. **(Amount of learners not exceeding 20 per class)**

Grades

We are a coeducational school registered with Cambridge International Assessment Centre.

Primary Gr R - Gr 6

Secondary Gr 7 - 12

BUILD open and honest relationships through communication.

ACHIEVE excellence.

RESPECT each other, our environment and our community.

UNDERSTANDING individual differences, values and rights.

EMPATHY treat others with care and compassion.

RESPONSIBILITY embrace opportunities to contribute and learn more.

WE BELIEVE

To be a community where all students feel inspired, respected and encouraged to develop, learn and achieve to their fullest potential.

OUR MISSION

Ashton John's provides a safe learning environment in a welcoming atmosphere which creates a sense of belonging amongst the students and their families.

We maintain high quality education and inspire creativity, responsibility, and virtuous behavior amongst our students. Our staff members have a passion to educate all students to the highest level of academic achievements and build a foundation for life-long learning.

Tell me and I forget. Teach me and I remember. Involve me and I learn.
"Benjamin Franklin"

OUR CURRICULUM GRADING

It is a coeducational school, catering to students from grade R to grade 12. Our facilities include modern, fully-equipped classrooms. We offer intervention to support students who may be experiencing difficulties. Our curriculum is excellent, with a student-centered focus. We provide a multi-cultural and inclusive environment, preparing children for the future.

We offer the Cambridge Curriculum, which is ranked in the top 5 internationally and is widely recognised. Cambridge programmes emphasise in-depth subject mastery as well as the development of skills for future study and work. We value sound subject knowledge, as well as the conceptual understanding that helps students differentiate between various aspects of a subject.

We also encourage students to develop higher-order thinking skills, problem-solving, critical thinking, independent research, collaboration, and presenting arguments. These transferable skills will last a lifetime, preparing students for their future. This approach also makes learning enjoyable and rewarding.

Cambridge Pathway

The Cambridge Pathway is designed to help children develop the knowledge, understanding, and skills they need for the next stage of their education. It encourages a child-centred, play-based approach that supports learners' cognitive, linguistic, physical, emotional, and artistic development.
